And for the **Pre-Conference Events!**

## PRE-CONFERENCE EVENTS

October 16th, 2018

**Hydrogen 101 Tour**  
9:00am-12:00pm

**Renewable Fuels Workshop**  
1:00-5:00pm

Hydrogen 101 Tour  
Tuesday, Oct. 16 | 9:00am - 12:00pm  
[Click here to RSVP](#)

Are you interested in knowing more about hydrogen as a transportation fuel and learning about a cutting-edge technology for making 99.9999% pure hydrogen from municipal solid waste? Then jump on the bus for a tour of the Sierra Energy company in Davis. The tour will include a stop at the California Fuel Cell Partnership for a quick "Hydrogen 101" orientation, then on to the Sierra Energy offices where you will learn about innovative hydrogen production and view their prototype equipment. On the return trip we make a quick stop at a hydrogen station. Leave the McClellan Convention Center at 9, get back a lot smarter at noon!

**REG Renewable Fuels Workshop**  
**Tuesday, Oct. 16 | 1:00pm - 5:00pm**  
**[Click here to RSVP](#)**

Join us for a renewable fuels workshop on October 16 at McClellan Conference Center in Sacramento, CA. This free workshop will cover the latest developments in renewable diesel and other renewable fuels and the changing landscape of the California Air Resource Board Low Carbon Fuel Standard.

**— 2018 SPONSORS AND PARTNERS —**

**West Coast Collaborative (WCC):**

The WCC, staffed by the U.S. Environmental Protection Agency's (EPA's) Pacific Southwest Region 9 and Pacific Northwest Region 10 Offices, protects public health by reducing diesel emissions and promoting clean air technologies and practices through public-private partnerships in Western North America. The Collaborative is focused on creating, supporting and implementing diesel emissions reductions projects by providing technical assistance and funding opportunities.
