

AGENDA
Trucking Sector Workgroup
August 17, 2004, 1 PM PST – 3 PM PST

Physical Locations:

CA: EPA R9 Office, 75 Hawthorne Street, San Francisco, 94105, California Room
OR: 811 SW 6th Ave (at Yamhill), Portland, 97204, 3rd Floor
WA: EPA R10 Office, 1200 Sixth Avenue, Seattle, 98101, Bitterroot Room

Call-in Details:

1-866-299-3188 passcode: 415-947-4143

The objective of this call is threefold:

1. Build a common understanding of near and mid-term Collaborative efforts
2. Provide an update and get input on the September 30th roll-out
3. Share information on emerging projects, and identify next step responsibilities

1:00 Welcome, Introductions, Agenda Review

1:10 Collaborative Update

EPA will review the Collaborative goals, strategies, processes, and progress to date.
The update will include the latest information on the anticipated September 30th roll-out

1:20 Recap of the July 27th Trucking Meeting

1:30 Mid and Long-Term Projects

Project leads will update the workgroup on progress to date and identify next steps for each effort. An important aspect of the discussion will be to recruit partners where needed and to identify additional sources of information or opportunities for collaboration.

1. plan for idle reduction on I-5 Corridor in West (Michelle Roos, USEPA/Peter Murchie, USEPA/Kristin Sipes, USEPA/Paul Bubosh, USEPA)
2. early introduction of ULSD (Bryan Manning, USEPA/Kevin Downing, ODEQ)
3. short, medium and long term projects to mitigate diesel truck emissions (Jack Broadbent, BAAQMD/Michael Murphy, BAAQMD)
4. short, medium and long term projects to mitigate diesel truck emissions using biodiesel (Barbara Lither, USEPA)
5. emissions from Mexican Trucks/emissions along the border (Amy Zimpfer, USEPA)

2:45 Wrap-up

3:00 Adjourn
